EXPERIENCE

Oasis Infobyte, Web Developer Intern (MERN) **| Remote (Bhopal, IN)**   Apr 2024 - May 2024

- Implemented dynamic, component-based architecture with React to ensure high performance, and scalability.
- Integrated secure user authentication using JWT and bcrypt, enhancing access control and data protection.
- Streamlined state and data management using React hooks and RESTful APIs, improving responsiveness and UX.

Innotechzz, Web Developer Intern (MERN) **| Remote (Bhopal, IN)**   Jun 2024 - Nov 2024

- Optimized front-end performance by implementing lazy loading, and React Suspense, reducing load time by 30%.
- Utilized Git and GitHub for version control and collaborative development.
- Managed application state using React Context API and local storage, ensuring data persistence and improved UX

PROJECTS

Quiz App(Quizzy) | MongoDB, Express.js, React.js, Node.js   Link
- Developed a comprehensive quiz application featuring user authentication with login and signup functionality.
- Designed an interactive quiz-taking UI with timed questions, dynamic answer selection, and real-time feedback.
- Employed Node.js as the backend framework, ensuring seamless functionality and efficient data management.

URL-Shortener-App(LinkSnip)   Link
- Developed a backend-driven web application to generate shortened URLs with unique aliases and persistent redirects.
- Utilized javascript and libraries to ensure compatibility across all the devices while using the backend service.

Restaurant App (FoodGenie)   Link-Admin Part
Link-User Part

- Developed a dynamic restaurant ordering app with React.js for browsing, cart management, and real-time order tracking.
- Integrated Firebase for authentication, database, and real-time order tracking, ensuring a seamless and responsive user experience.
- Developed an admin dashboard for managing menu items, categories, and order statuses with full CRUD operations and secure access control.

EDUCATION

Sikkim Manipal University   Master's Of Computer Application(MCA)

2024 - 2026

Bhopal School Of Social Science   Bachelor's Degree
2017 - 2020

SKILLS

Languages	JavaScript, Html, Css
Frameworks & Libraries	React.js, Node.js, Express.js, Bootstrap, Next.js
Databases	MySQL, MongoDB, Redis
Dev Tools	MongoDB compass , Google Cloud(Firebase) , Docker, Nginx, Linux, Git, Github , Create React App(CRA), Vite , Nodemon, Vercel , Postman , Thunder Client
Additional skills	Rest Api, Seo, Canva, Figma
Soft Skills	Problem-Solving, Collaboration, Communication, Adaptability, Leadership

AWARDS AND HIGHLIGHTS

• **Collaboration Skills:** Worked with cross-functional teams, integrating domain expertise to deliver impactful Web Dev applications.
• **Strong Problem-Solving**: Adept at designing algorithms to solve complex business problems and translating research into practical applications.
• **Secured A Global Rank Of 353** in TCS CodeVita season 12, demonstrating strong competitive programming skills.
